

2024 Young Gun V-8 Rules

Cherokee Speedway Young Gun V8 division will follow Monster Thunder Bomber rules.
Please visit <https://monsterthunderbomber.com/rules>.

This is a beginner class designed for 12-19-year-old and any women up to age 65. 10-11 years old will be discussed & voted on to be able to compete in this division. If a driver's 20th birthday falls between the start of points competition (first race in April) and June 1, that driver will move up to a higher division on their birthday. If a driver's 18th birthday falls between June 2 and end of points competition (first weekend in October or last scheduled YG V8 race), that driver will be allowed to finish points competition for the season. The track reserves the right to promote any driver up to a higher division at any time without prior notice. Any driver consistently 1/2 second faster than the field will be promoted up. Any driver competing in a higher division at another track that does not offer Young Guns V8, will be promoted upon winning in higher division or consistently finishing in Top 5. If an entry fee/membership fee is paid to compete in an association or series event in a higher division, driver will be promoted to higher division immediately
